PLANT SALE 2023

Our Plant Sale was not as busy as in past years. We did have some great customers, there were people who were new to the Valley and ready to start their own perennial gardens. It was fun helping them pick out plants and give them advice of their care. We had babies and dogs to make things a little more interesting. I was unable to stay until the end of the sale but at 11AM we still had a large amount of Lady's Mantle, Orange Daylilies, Monkshood and Siberian iris. Leftover plants were picked up and will be potted in my garden. There were not that many left. Thanks goes to the many hard workers who made the sale possible. They include; Jane Macan, Jane Hobart, Hilary Mooney, Andrea Henderson and Robin Preuss. A big thank you to Judy Phelon for the use of her yard and barns!

Looking ahead to next year we already have suggestions for improving the sale and choice of plants from Julie Murray. She has offered to help with the 2024 Sale. More information to follow soon.

PS MY Computer is giving me problems so I can't put in any pictures. I have to get some help from my Computer Savvy sons!
